

## **Historic, Archive Document**

Do not assume content reflects current scientific knowledge, policies, or practices.

**Certificate of Inspection of Nursery Stock.**

Every consignment from us will be accompanied by a Certificate from our proper State Authorities stating it is free from all contagious disease or diseases or the San Jose Scale or other dangerously injurious pest or pests.

## GRAPE-VINES

WE PREPAY MAIL OR EXPRESS CHARGES AT SINGLE OR TEN RATES.

Five or more of different varieties if desired at ten rates. Will furnish 50 or more of different varieties if desired at 100 rates.

WE DO NOT PAY EXPRESS OR FREIGHT CHARGES AT 100 RATES.

One-year No. 2 vines, 70 per cent. of the price of one-year No. 1. Two-years No. 1½ vines, half way between prices of two-years No. 1 and one-year No. 1. Three-years No. 1 (including Campbell's Early) one-half additional to the price of two-years.

It may not be generally known to our customers that there is not, never was and probably never will be any uniform standard for grading grape vines. So there is as much difference in size of No. 1 vines as there is in the men who offer them.

Although it is often stated that the originators of new fruits never get much benefit from their productions, it is safe to say here, that in this respect the success of Fay's Prolific is unparalleled, as up to this date I have paid to the heirs of the originator over forty-two thousand dollars in cash as their share from my sales of Fay Currant plants. This is now the leading Currant, and its best recommendation is its enormous sale, constantly increasing. My stock of Fay's is and always has been propagated from wood from original stock on the Fay Farm. I sell more of them than all other varieties combined, although I try to grow what I can sell of all kinds.
